

Reflecting on Practice: Designing a Lesson
Friday Submission

Table Number: _____ Topic _____ Area _____

Group members: _____

By 4:30 Friday, please submit a copy of your lesson and all of the related materials electronically to Blake Peterson at peterson@mathed.byu.edu.

Your lesson should include the nine components described in the task. Remember it is only a draft so does not have to be exactly the way you want it but should have the parts spelled out enough so that Blake can give you good feedback.

Copy the submission to each member in the group so when Blake responds you will all get the input and to Carol, Gail and the staff member who has been working with your group: chattan@comcast.net, burrill@msu.edu
