**Grading and Student Records:** Final quarterly grade reports are not mailed to students. Grades are now accessed online through MyUW at <http://myuw.washington.edu/>. To access this system you will need your UW Student ID Number and a PAC (Private Access Code) which you receive with your transaction summary. For credit / no credit course only: The standard for granting credit in credit/no credit only courses is the demonstration of competence in the material of the course to the instructor's satisfaction. For Numeric: The University of Washington uses a numeric grading system in which the instructor may report grades from 0.7 (the lowest passing grade) to 4.0 in 0.1 increments, or the failing grade of 0.0.

The start and end dates of this course may fall within more than one scheduled University of Washington academic quarter. If this is the case, an X will appear on your UW transcript in place of a grade for this course. The X is not a grade, and will be replaced when the course has ended and the instructor submits final grades.

Students requesting to Audit must submit a written statement attached to the registration form. Please note that audited courses do not appear on transcripts. If you have questions regarding grading options, call UWEO Registration Services, (206) 543-2310.

An official UW transcript is established when the first credit course is taken and all future credit course activity is recorded on this permanent record of academic work at the UW. For information about how to order an official UW transcript, see <http://www.washington.edu/students/reg/transcripts.html>.
